DEPUTY GLOBAL CHAIRPERSON

“ I am extremely delighted to be elected as Next Generation Deputy Global Chairperson and will work to create an inclusive forum to grow ideas, and represent the needs and aspirations of our Next Generation within the global CILT network ”

Usman Shuaibu CMILT Nigeria

Joining the Institute in 2015 was the biggest life-changing career experience I have made. Whilst serving as Next Generation Regional Ambassador for Africa over the past 2 years, we attained major milestones in establishing an Africa Regional Committee, expanding and growing members in Namibia, Nigeria, Ghana, Zambia, Zimbabwe, Tanzania, South Africa and Mauritius, and had successfully hosted Next Generation streams in Abuja, Harare and now Accra, Ghana. Previously, as the Chair of the Next Generation Executive Committee in Nigeria, I led the committee in the revival of Next Generation Nigeria and I am excited about what we accomplished in such a short period of time.

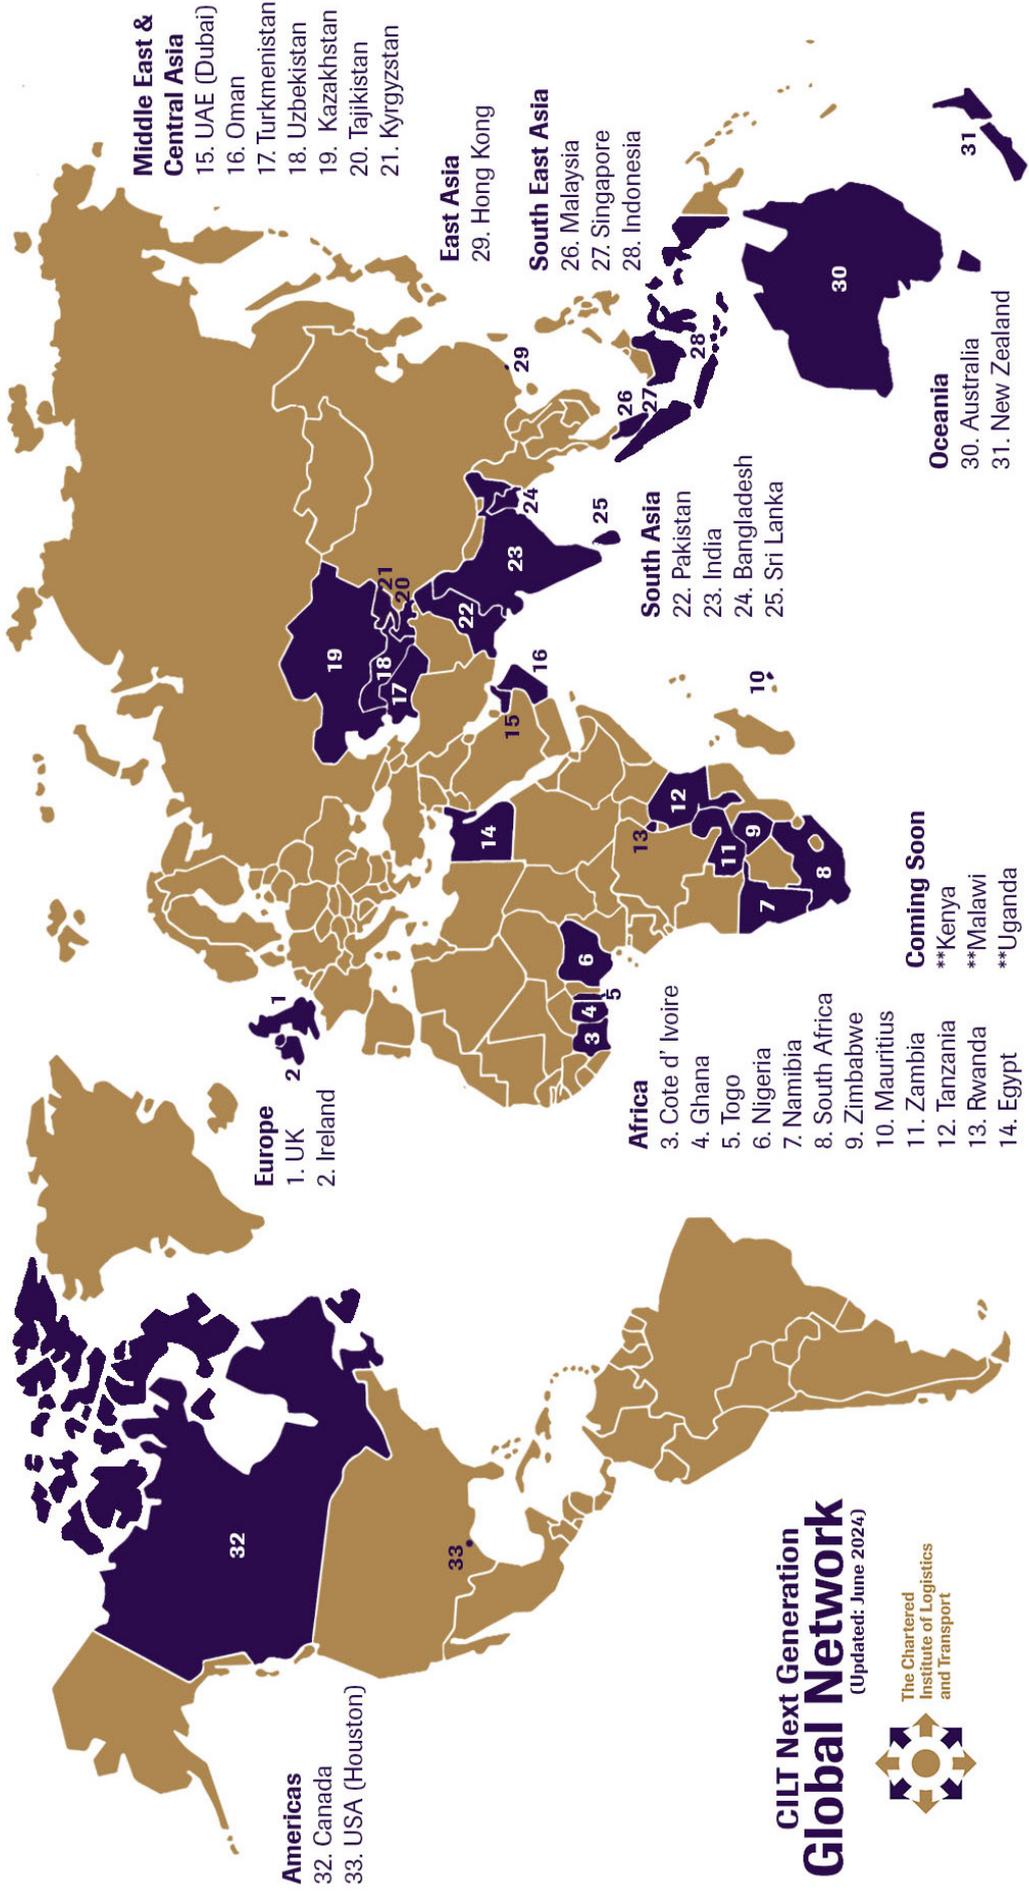

As a maritime specialist with a multi-disciplinary background in Education, International Business, transport and logistics, and Maritime Affairs I have a passion for learning. Being part of the CILT family has broadened my industry understanding and has helped me develop professional networks on a national and international scale. This has been invaluable in progressing my career.

CILT has played an important role in developing my career and I am excited about representing the Next Generation Forum and supporting other future leaders in the logistics, transport, and supply chain professions.

 Global Network**
 (Updated: June 2024)

AFRICA

“The assurance of the future is determined by how today’s young professionals are brought up. The CILT Next Generation provides me with an opportunity to live out my vision of supporting youth to bring out the best version of themselves”

Regional Chairperson | Africa

Nlaliban Wujangi FCILT Ghana

I am a seasoned Supply Chain Management expert with over two decades of experience in working with leading organizations like DHL and Nestle. As a Certified Maintenance and Reliability Professional, I have empowered global engineering professionals to attain the globally acclaimed Certified Maintenance and Reliability Professional certification from the Society of Maintenance and Reliability Professionals Certifying Organisation, USA, for engineers working in the field of reliability engineering. Currently, I head Agriculture and More Limited, an integrated agribusiness start-up exists to economically transform the lives of smallholder farmers in the roots and tubers value chains by providing a ready market. AgMORE produces the Dreameals brand of Frozen Yam Chips, Yam Flour, to mention a few.

I have recently also founded Supply Chain Hub Africa, and end-to-end supply chain training and consulting company which is focusing on building competency in the next generation of supply chain professionals in succession as leaders. SC-Hub provides tailor made supply chain training solutions that improve skills and prepares professionals for the next level of their careers in line with organisational competence frameworks. They also support organisations streamline and optimise their operations.

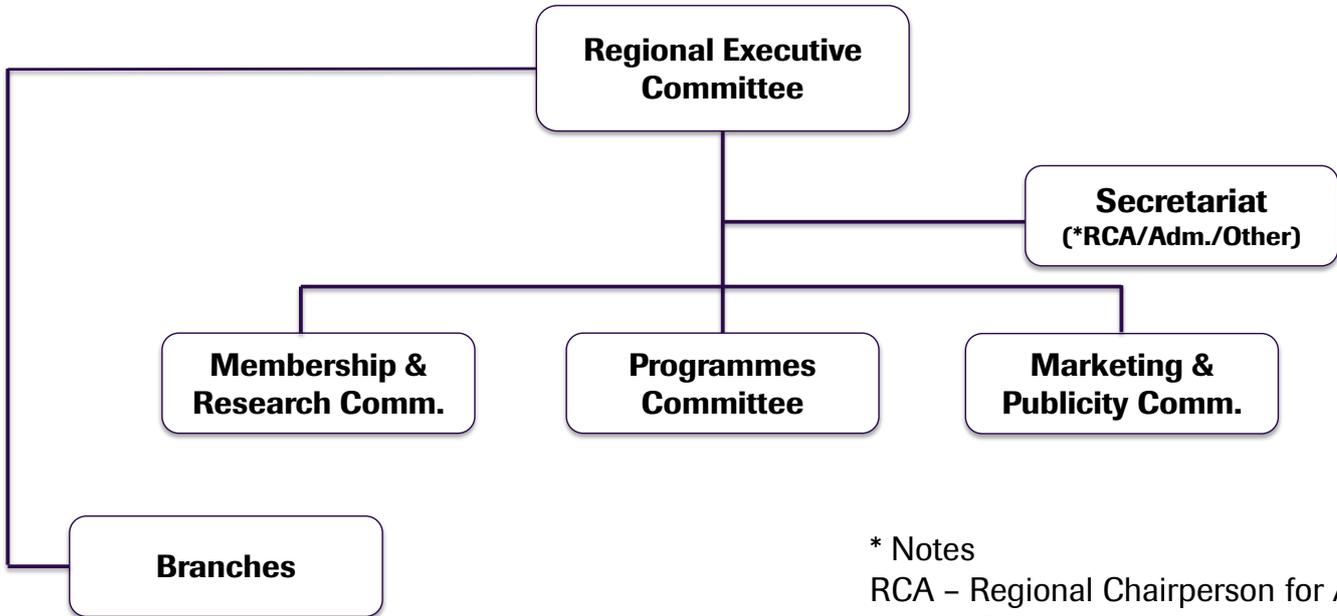

I am the youngest Fellow of the Chartered Institute of Logistics and Transport in Africa, and is championing the cause of young professionals as agents of change. My passion for mentorship and business innovation makes me a visionary figure that is reshaping the global commerce landscape.

Our Regional Structure

* Notes
 RCA – Regional Chairperson for Africa
 Adm. – Regional Administrator

Our Secretariat

Headed by the Regional Chairperson for Africa (RCA)

The following positions are to be filled officially;

- Regional Administrator
- Regional Marketing and Publicity Lead
- Regional Research & Membership Lead
- Regional Programmes Lead

The purpose is to decentralise and develop capacity across the region, taking work load off the RCA

Our Focus – Next 3 Years

Strategic Plan Drafting in the offing

Consolidate Branch Administration

- Generate Branch Database
- Define Reporting Format
- Provide Local Support
- Facilitate programming

Membership Drive

- Promote CILT to secondary and tertiary institutions
- Engage current members – retention
- Articulate the Next Generation Value Proposition
- Facilitate inclusiveness

Financial Empowerment

- Identify and map out alternative funding solutions for Next Generation Activities
- Promote production of souvenirs locally for sale
- Support marketing and branding initiatives – social media presence

Entrepreneurship

- Promote Entrepreneurship as a critical career path
- Facilitate knowledge transfer for member empowerment
- Source mentors for budding young entrepreneurs
- Engage Regional Bodies (RECs)

The Way Forward

- Support the growth of existing Next Generation branches
- Facilitate the setting up of new branches
- Explore revenue mobilisation opportunities
- Leverage on WiLAT/NG synergy
- Partner Regional organisations to deliver value
- Develop brand and visibility programmes
- Facilitate member personal and professional development
- Explore intra-Africa exchange programme
- Empower members

AUSTRALASIA

**To connect, inspire and
empower - together we go
further**

VivianChen MILT
Australia

Regional Chairperson | Australasia

"I stumbled into the logistics industry by chance, but it quickly captured my heart. In 2018, I was honoured to be named a finalist for both the Young Professional and Women in Logistics Awards. Beyond my role representing Next Generation leaders in Australia, I actively contribute through voluntary positions on the Committee in CILTA's Victoria Chapter and the Women in Logistics and Transport (WiLAT) National Committee.

My involvement with CILT has been pivotal in my professional development, connecting me with like-minded individuals globally and facilitating invaluable networking opportunities. Witnessing CILTA's membership expand fills me with pride, as it signifies our success in bridging industry professionals and CILTA members. As part of the CILT family, I benefit from regional and global support networks, along with ongoing education and learning opportunities through the CILT platform.

Outside of CILT, I am driven by a passion for innovative solutions, analysis, and team empowerment. I proudly serve as a mentor at RMIT University and for Professional Migrant Women, sharing my skills, knowledge, and connections to support those in need. With degrees from various educational institutions and proficiency in multiple languages, my background includes living in Brazil for a year and working in East Timor for two years. I thrive in collaborative environments, relishing the opportunity to work with diverse teams and empower individuals through inclusive communication and exchanging ideas.

The Chartered

and Transport

Next Generation

Australia

Regional Report Australasia

The Next Generation, a vibrant membership program of the Chartered Institute of Logistics and Transport (CILTA), has concluded a remarkable year dedicated to the growth and collaboration of young professionals within the Transport and Logistics industries. As a CILTA member aged 35 or under, individuals automatically become part of the Emerging Leaders Group.

Key Achievements

- **Oct 15, 2022:** Successfully hosted the "Next Gen Coffee Catch Up Meet" in Melbourne, fostering informal networking opportunities for young professionals.
- **Oct 16, 2022:** Organised the "Next Generation Coffee Chat & Networking" event in Sydney, providing a platform for industry peers to connect and exchange insights.
- **Dec 3, 2022:** Executed the festive "Next Generation Christmas Networking" event in Melbourne, enhancing camaraderie among members during the holiday season.
- **Dec 14, 2022:** Concluded the year with the "End of Year Christmas Drinks and Networking" event in Sydney, celebrating achievements and fostering a sense of community.
- **May 30, 2023:** Successfully conducted "The Future of Rail and Transport in Australia" event, offering valuable insights into the evolving landscape of the industry.
- **Jun 3, 2023:** Despite challenges, attempted the "Next Generation Autumn Networking Coffee Chat," demonstrating adaptability in response to unforeseen circumstances.
- **Dec 9, 2023:** Culminated the year with the "CILTA Next Generation Christmas Breakfast" in Melbourne, providing a collaborative and festive atmosphere for members.

Overcoming Challenges

Managing Membership Numbers

Effectively addressed the challenge of fluctuating membership numbers by implementing targeted outreach strategies. The committee proactively engaged with members, encouraging participation and renewals, resulting in a steady and robust Next Generation community.

Committee Member Participation

Overcame logistical challenges related to committee member involvement, ensuring their active participation in planning and executing events. Through collaborative efforts, the committee demonstrated resilience, adaptability, and a commitment to providing valuable experiences for Next Generation member.

Future Plans

Membership Growth Strategies

Implement comprehensive membership engagement initiatives to continue fostering a sense of community and value among young professionals. Introduce targeted outreach campaigns, personalised communications, and member-focused events to enhance participation and retention.

Committee Empowerment

Strengthen the involvement and enthusiasm of committee members by providing additional training opportunities, recognising their contributions, and fostering a collaborative environment. Empowered committees contribute to the seamless execution of events and initiatives, ensuring a vibrant and active Next Generation community.

Innovative Event Execution

Explore innovative event formats and platforms to adapt to the evolving landscape. Embrace a hybrid approach that combines both virtual and in-person elements, maximising accessibility and engagement. Introduce diverse and thought-provoking topics to cater to the interests of a growing and dynamic membership.

Professional Development Initiatives

Enhance professional development opportunities for Next Generation members by introducing specialised workshops, mentorship programs, and skill-building sessions. These initiatives aim to contribute to the continuous growth and success of young professionals within the Logistics and Transport industries.

Collaborative Partnerships

Forge strategic partnerships with industry organisations, educational institutions, and corporations to expand networking opportunities and provide additional resources for career development. Collaborations will enrich the Next Generation experience and offer unique benefits to our members.

Through these future plans, the Next Generation program envisions a year of sustained growth, innovation, and collaboration. By addressing challenges head-on and proactively shaping the future, we aim to create an even more vibrant and supportive community for emerging leaders in Logistics and Transport.

As we reflect on the achievements and challenges of the past year, the Next Generation program remains committed to its core mission of nurturing the growth and development of young professionals in the Logistics and Transport industries. The successful hosting of diverse events showcased our collective dedication to fostering meaningful connections and knowledge exchange within our community.

Looking ahead, we are poised to tackle challenges with resilience and innovation. By focusing on strategic membership growth, empowering our dedicated committee members, embracing innovative event formats, enhancing professional development initiatives, and fostering collaborative partnerships, we aim to elevate the Next Generation program to new heights.

CENTRAL ASIA AND MIDDLE EAST

“The world of logistics and transportation is constantly evolving, which is why especially young professionals need support on a global scale. My goal in the Middle East and Central Asia regions is to create a unified platform for professional development and connect talented youth with an active mindset by providing access to our global network of professionals. And today, we are already demonstrating Next Generation's active presence in the region”

Regional Chairperson | Central Asia and Middle East

Arailym Maratkyzy MILT
Kazakhstan

I am the Regional Chairperson of Next Generation for Central Asia and Middle East. I have experience in working as a coordinator on international projects with USAID, World Bank, and the United Nations in the fields of logistics, transportation, and trade. Later, by personal decree of the Secretary General of CILT International appointed as the Regional Chairperson of Next Generation in the Middle East region, in addition to Central Asia.

I have coordinated over 100 different logistics-related events, including at the governmental level. Currently, NG Central Asia unites more than 500 young professionals and students across Central Asia.

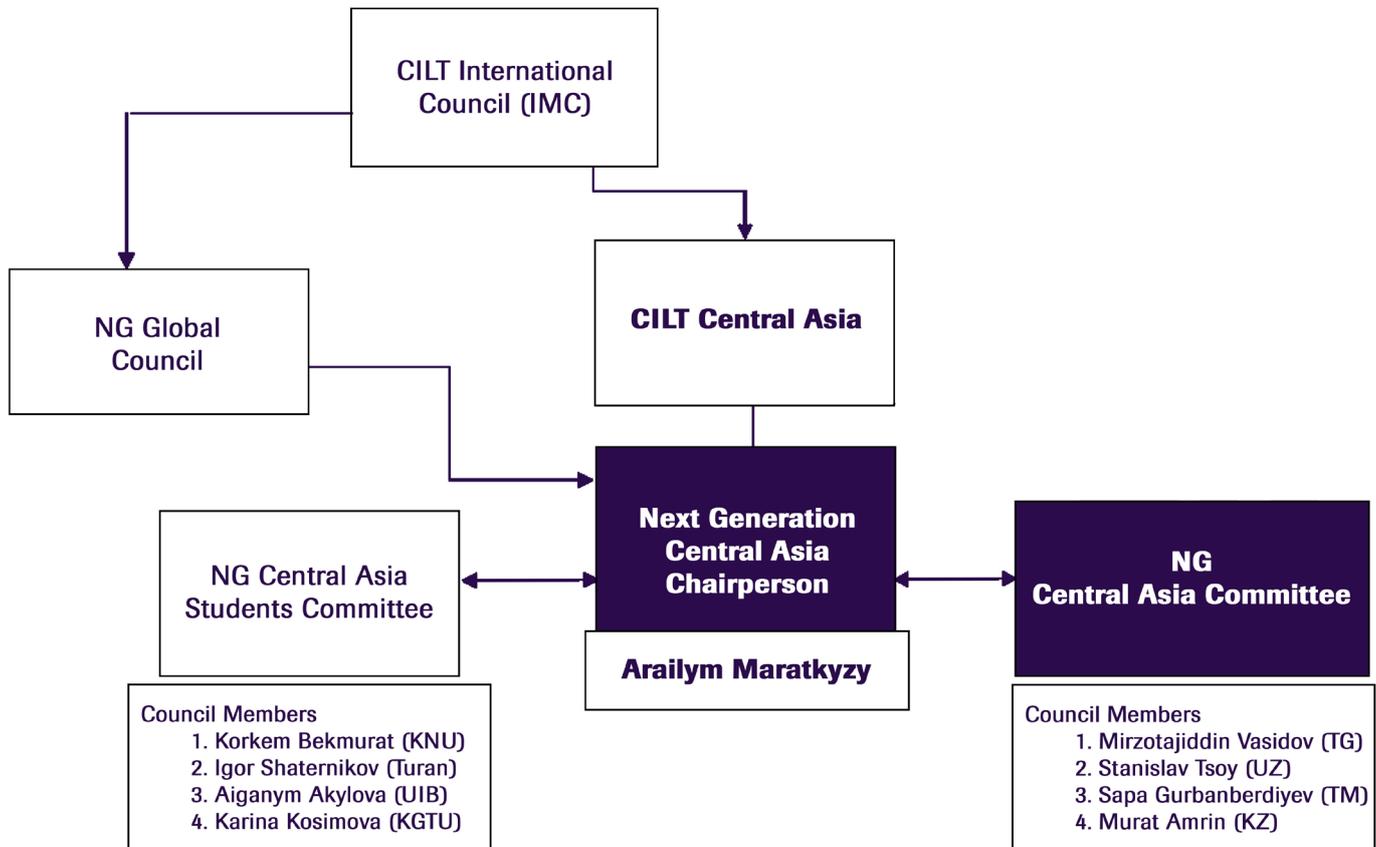

The Chartered
Institute of Logistics
and Transport

Next Generation

Central Asia

Regional Report Central Asia & Middle East

NG Central Asia Steering Committee Objectives

- To attend Committee meetings at least 3 times.
- To support CILT in promoting young professionals the supply chain, logistics, and transport industries.
- To encourage and support young professionals in the supply chain, logistics, transport industry.
- To participate in events and professional forums to advance the development of young professionals.
- To share any ideas and suggestions with the NG Central Asia Committee.
- To promote NG in each Central Asian country through cooperation and partnership with logistics companies.

NG Central Asia Students Committee Objectives

- To attend Committee meetings, which are held at least 6 times a year (bimonthly).
- Assisting in organizing and conducting events at higher educational institutions.
- Disseminating comprehensive information to students and raising awareness of upcoming events.
- Attracting young professionals who wish to undergo professional training to enhance their knowledge in the field of logistics and transport.

Next Generation Central Asia

<p>Mentoring</p> <ul style="list-style-type: none"> • 20 mentees (expand to 20 mentees) • 30 mentors (expand to 50 mentors) 	<p>Membership</p> <p>More than 100 members have been registered as NG Members (expand to 150 members in CA)</p>	<p>Universities</p> <p>Communication was established with 15 universities from Central Asian countries, a memorandum of cooperation was signed with 6 of them (expand to 30 universities in CA and work with companies, at least 30 companies)</p>	<p>Events</p> <p>During the period 2023-2024, about 10 offline events (master classes) were held for young professionals and students, which were attended by about 300 people in total (every month 1 event, in total 12 events in 2024)</p>
--	--	---	--

Workshop Program Created by Local Team

- 6 Streams
- 178 participants from Central Asia Region
- 15 different relevant topics
- 12 local/ 6 international speakers
- Analysis of 15 unique cases from the expert's experience
- 6 offline networking events/master classes

Refresh Mentoring Program

- 20 mentees
- 30 mentors from Central Asia
- 30 online meetings
- 10 offline meetings
- Refreshing sessions for mentors
- Marketing work in social media

Next Generation Central Asia Youth Forum 2024

The forum has made it clear to participants that IT technologies are playing an increasingly important role in the development of transportation logistics, optimizing processes, and increasing the efficiency of cargo delivery. The future of this industry is linked to the continuous development and implementation of new IT solutions that help achieve a more sustainable, efficient, and innovative logistics system. The forum was attended by over 100 participants from different cities and countries, including not only students but also young professionals under the age of 35 from various logistics companies.

Next Generation Central Asia Site Tours to Logistics Hubs

Next Generation Central Asia consistently organizes off-site events at major logistics hubs and terminals for students and young professionals in the logistics and transportation sector. The primary advantage of these excursions is providing practical exposure to various stages of the logistics chain, encompassing cargo reception, unloading, temporary storage, and subsequent shipment. Participants also gain insight into diverse transportation vehicles utilized for cargo transport and familiarize themselves with their operational nuances. This firsthand experience facilitates a deeper understanding of logistical operations and offers valuable guidance for professional advancement.

Game Session “Business on the Move”

- 10 game sessions
- Over 30 participants
- 20 different universities and companies

EAST ASIA

“The future of logistics and transport rests with the next generation. The CILT Next Generation Forum offers a vibrant platform for you to contribute your bold ideas, collaborate with industry leaders, and drive innovation. Together, we unlock new possibilities and inspire transformative change.”

Alice Yip CMILT
Hong Kong

Regional Chairperson | East Asia

I am the Regional Chairperson of East Asia Region in Next Generation Forum of CILT International. I currently holds a management consultancy role at Deloitte Consulting, providing business and technology advisory services to clients in both private and public sectors.

Alongside my corporate career, I have demonstrated a long-standing commitment to CILT. In CILTHK, I have served as a Council Member since 2010 and held several leadership positions, including being the Pre-Establishment Board member of the Young Members Committee (YMC) in 2004, the first YMC Executive Chair from 2004 to 2006, the Chairperson of the YMC from 2010 to 2012, and I am a current member of the Next Generation Committee, Transport Policy Committee, Logistics Policy Committee, and Women in Transport and Logistics (WiLAT).

At the CILT International level, my involvement has been extensive. I served as the Regional Coordinator for WiLAT in the East Asia region from 2012 to 2014. Most recently, in 2023, I was appointed as the Chairperson of the East Asia Region in the CILT Next Generation (NG) Forum, further strengthening the NG development in the logistics and transport industry.

I began my career with roles at DHL and L'Oreal in Hong Kong, where I am specialized in supply chain management, air and multimodal freight, freight product development, and warehouse logistics operations. This experience laid the solid foundation for her subsequent work in technology innovation and management consulting. I am a graduate of the Bachelor (Honors) degree in Global Supply Chain Management from Hong Kong Polytechnic University, where I was awarded the Dean's List.

Hong Kong International Airport Visit

The CILTHK Next Generation (NG) organized a visit tour to Hong Kong International Airport on June 15, 2023, unveiling the cutting-edge Innovation Lab and Integrated Airport Centre.

Participants had the privilege of experiencing groundbreaking technologies and innovative operational practices, gaining invaluable insights into the airport’s commitment to excellence and passenger satisfaction.

This event, hosted by CILTHK NG, provided a unique platform for young professionals in the logistics and transport industry to expand their industry knowledge and establish meaningful connections within a vibrant networking environment.

The visit showcased the CILTHK NG’s dedication to fostering innovation and professional growth, while highlighting Hong Kong International Airport’s global leadership in shaping the future of the aviation industry. It was an extraordinary event that left participants inspired and informed.

Next Generation Mixer

September 2023

The CILTHK NG Mixer gathering on 26 September 2023, offered attendees an unparalleled networking experience, facilitating connections among members and professionals in the logistics and transport industries.

Dr. Kelvin Leung, esteemed President of CILTHK and CEO of DHL Global Forwarding Ltd, captivated participants with an inspiring presentation. He shared his remarkable career journey, providing invaluable insights and guidance to those in attendance.

CILTHK 55th Anniversary Gala Dinner

The CILTHK 55th Anniversary Gala Dinner celebrated the organization’s remarkable milestone in Hong Kong on November 2, 2023. Esteemed guests, including the Chief Executive of the HKSAR Government and other senior officials, attended the prestigious event, emphasizing its significance. Industry leaders and renowned companies from the logistics and transport sectors were present, fostering networking, collaboration, and industry recognition.

CILTHK NG committee members participated in organizing the Gala Dinner with meticulous planning and execution, and served as charismatic masters of the ceremony, bringing energy, enthusiasm, and expertise to the stage.

CILTHK Young Achiever Award 2024 Briefing Session

The CILTHK Young Achiever Award 2024 Briefing Session took place on January 12, 2024. Mr. Philip Yeung, the CILTHK Young Achiever 2020 and CILT International Young Achiever Winner 2022, shared his valuable experience during the session.

Participants had the opportunity to gain insights and receive tips from Mr. Yeung’s journey in the competition. The session served as a platform for aspiring young achievers to enhance their understanding of the award and its requirements.

Attendees left the session feeling inspired and motivated to participate in the forthcoming CILTHK Young Achiever Award 2024 and were encouraged to refer suitable candidates for the award.

Next Generation Mixer

January 2024

CILTHK NG Mixer gathering, held on 21 February 2024, provided attendees with a unique opportunity to engage in networking and foster connections within the logistics and transport industries.

Attendees had the chance to meet and interact with like-minded individuals, including NG members, industry professionals, and fellow CILTHK members. The event’s success can be attributed to its ability to bring together individuals with shared interests and ambitions, contributing to the growth and development of the industry in Hong Kong.

As a popular event, the NG Mixer gathering continues to serve as a valuable opportunity for professionals and enthusiasts to connect, collaborate, and stay informed about the latest trends and developments in the logistics and transport industries.

CILTHK Student Day 2024

22nd CILTHK Essay Competition Award

CILTHK Student Day and the 22nd CILTHK Essay Competition Award Presentation Ceremony were held on March 15, 2024, which was organized by the Education and Training Committee in CILTHK. The Next Generation (NG) members of CILTHK served as masters of ceremony, bringing their talent, enthusiasm, and leadership skills to the event.

The Student Day featured a case competition with nine teams of tertiary institution students from Hong Kong and Macao, showcasing their problem-solving and presentation skills. The Essay Competition aimed to inspire Hong Kong secondary school students’ interest in the transport and logistics industries.

The event provided a valuable platform for students to enhance their creativity and analytical skills while exploring the global and local aspects of the industry. It also aimed to promote the importance of the transport and logistics industry and encourage young talents to consider careers in this field.

Next Generation Mixer April 2024

Next Generation (NG) committee organized Mixer on 16 April 2024. This event brought NG members and other industry professionals in a social and networking setting.

The NG Mixer offers a relaxed and informal environment, allowing participants to engage in meaningful conversations and explore potential collaborations.

By organizing this event, NG aims to foster a sense of community, promote professional development, and inspire the next generation of leaders in the logistics and transport sectors.

Visit to Air Cargo Logistics Facilities

The Next Generation Committee of CILTHK organized a visit on May 30, 2024 for over 30 participants to explore the CiaNiao Smart Gateway and DHL Central Asia Hub - cutting-edge air cargo facilities providing insights into the latest advancements in express and e-commerce logistics.

At the CiaNiao Smart Gateway, a regional smart hub near the Hong Kong International Airport, participants witnessed how this state-of-the-art facility is reshaping Hong Kong's air cargo logistics and supply chain ecosystem through its strategic location and connectivity. The visit also included a tour of the DHL Central Asia Hub, one of DHL Express' three global hubs serving as a vital link connecting Asia Pacific with the rest of the world. Participants saw the hub's new, highly automated facility supporting efficient shipment handling.

“As the Regional Chairperson I will share my experience to guide, nurture and develop young professionals throughout the South Asia region while seeking new opportunities to deliver the values and objectives of CILT”

Regional Chairperson | South Asia

Biman Hettiarachchi MILT Sri Lanka

I joined CILT Sri Lanka in 2012 with a passion for enhancing and promoting professionalism among future leaders in the field of logistics and transport. I am currently serving this purpose as the Regional Chairperson of CILT Next Generation South Asia. As an active Young Professional, I have engaged in Sri Lanka's Next Generation Forum since its inception. Over the last 12 years, I held several roles including, Vice Chairman – Branding (2016), and the Chairman of CILT Next Generation Sri Lanka (formally known as CILT YPF Sri Lanka) in 2017/19. I am now able to share this experience to guide, nurture and develop the Next Generation throughout South Asia.

I hold a PhD in Supply Chain Management from University of Kassel, Germany and a Master's degree from Department of Computer Science and Engineering, University of Moratuwa, Sri Lanka. Before pursuing my higher degrees, I completed my Bachelor's degree in Transport and Logistics Management from the same university. Currently, I am a Senior Lecturer at the Department of Transport Management and Logistics Engineering at the University of Moratuwa, Sri Lanka. My research and teaching focuses on digital technologies for manufacturing operations and supply chains, mainly intersecting with Industry 4.0, Additive Manufacturing (3D Printing) and Artificial Intelligence.

Emerging trends across industry in general are changing our world for the better. Young blood will make this evolution a reality enabling the logistics and transport industry to develop and thrive at new levels.

Sri Lanka

Regional Report South Asia

CILT Sri Lanka Next Generation, established in 2012 (as CILT Young Professionals' Forum) has already pioneered ground-breaking projects and plans on organizing a number of events including a case study competition, a panel discussion, a research symposium, public awareness program, and many more.

The promotion and inspiration of art and science of logistics and transport, especially among the young members of the Institute in order to develop their skills and to provide the youth with a platform to voice their concerns and demonstrate their abilities on par with international colleagues of the institute. Further CILT Sri Lanka Next Generation aims to enhance member engagement through the provision of opportunities for career development, knowledge sharing, and networking among peers in the same industry.

CILT Sri Lanka Next Generation comprises a dynamic member base covering over 1000 industry professionals and students beneath the age threshold of 35 years. Since its inception in 2012, the forum has been engaged in numerous projects to achieve this vision in collaboration with its supervising body, making CILT Sri Lanka Next Generation one of the fastest growing & active CILT Next Generation within CILT International.

Next Generation Core Committee 2023/24

Office Bearers: President - Mr. Sashen Dinuranga, MILT, Immediate Past President - Ms. Mahekha Dahanayaka, Vice-President Branding - Mr. Binura Jayakody, Vice-President Education - Mr. Anjana Pramod, MILT, Vice-President Membership - Mr. Buwaneka Dissanayake, MILT, Hon. Secretary - Ms. Lankani Liyanathanthri, Hon. Treasurer - Mr. Priyan Pituwelgoda, Assistant Secretary - Ms. Anu Anuththara Perera.

Core Committee Members: Mr. Geesara Weerakkody, Ms. Sachini Handinnapola, Mr. Ishara Premathilake, Ms. Chamudi Kumarasinghe, Mr. Dilshan Samarawickrama, Ms. Kanishka Samarasinghe, Mr. Pamok Jayasinghe, Ms. Minelle Ranathunge

CILT SL - Next Generation Strategic Planning Session 2023/2024

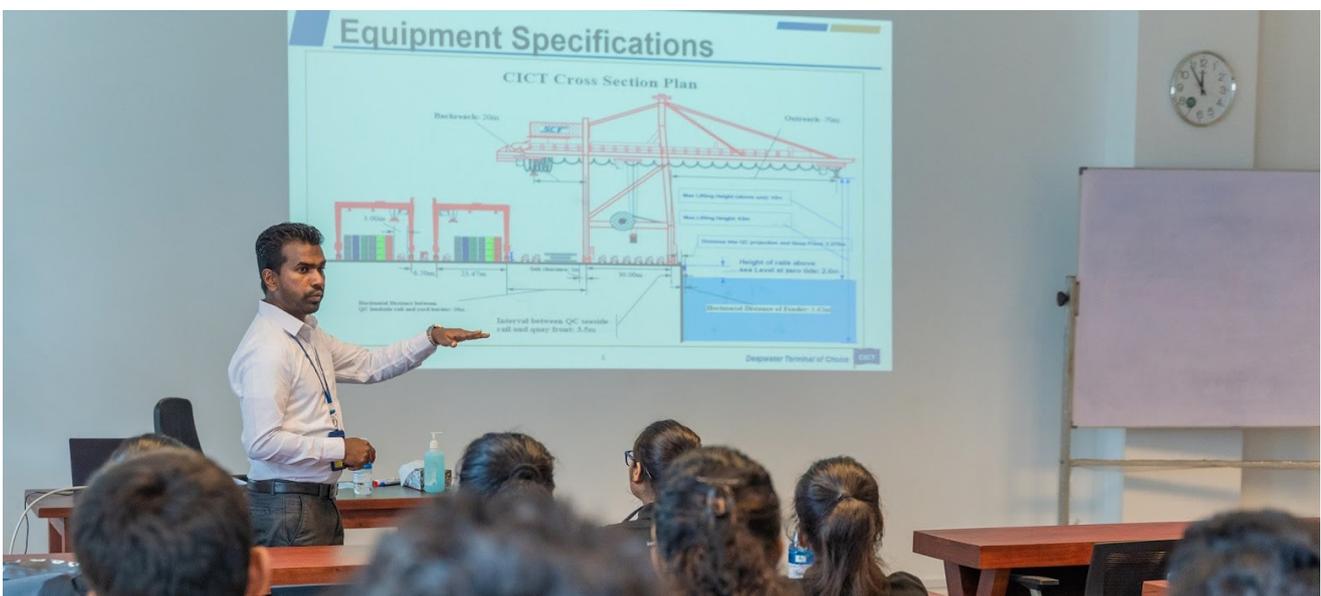

At the start of each year, the planning event for the CILT Next Generation event calendar is held. This year, on February 10th, the event convened at the CILT Head Office in Colombo. All core-committee members attended to discuss and organize the event lineup for the year ahead. During the meeting, various ideas and suggestions were shared to ensure a diverse and

engaging schedule of activities. The planning event served as a crucial platform for coordination and decision-making, laying the foundation for a successful series of events aimed at empowering and nurturing the next generation of professionals in the transport and logistics sector.

CICT Field Visit

On February 16th, 2023, members of the CILT Next Generation had the opportunity to visit the Colombo International Container Terminal (CICT). During the visit, they gained valuable insight into the terminal's history, capacity, unique features, and operations. Additionally, they were able to experience firsthand the various operations carried out at the terminal. This visit provided a practical understanding of how a container terminal functions, enhancing the participants' knowledge of the logistics industry. It also offered a chance to witness the day-to-day activities and challenges faced by professionals in the field. Overall, the visit to CICT was an enriching experience that contributed to the members' professional development and understanding of container terminal operations.

CILT SL NG Quiz Master 2023

The CILT SL Next Generation Quiz Master held for the 10th consecutive year on July 26, 2023, at the Galadari Hotel in Colombo. Over 35 educational and corporate teams participated in this event, aiming for success in the field of transport and logistics.

The main goal of the Quiz Master is to improve participants' understanding of the transport and logistics sector. Additionally, the event encourages teamwork and camaraderie among the teams. Mr. Ramindu Liyanage served as the Quiz Master, bringing his extensive knowledge to the event. Dr. Namali Sirisoma, the president of CILT SL, was the chief guest for the prize ceremony.

After a competitive contest, Team Dialog Axiata emerged as the winners of the CILT SL Next Generation Quiz Master 2023. Team Propeller of SAGT and Team Orel secured the first and second runner-up positions, respectively.

The event highlighted the importance of knowledge, teamwork, and resilience. Its return to a physical format added excitement, bringing participants together to celebrate and learn within the transport and logistics industry. The Quiz Master event continues to inspire and nurture future professionals in the field.

Session with Regional Chairperson - South Asia

On October 25th, 2023, Dr. Biman Hettiarachchi, the current Regional Chairperson - South Asia at CILT International Next Generation, delivered a session for the core-committee members of CILT Next Generation. The session aimed to provide updates on the activities of Next Generation committees in other countries and to discuss strategies for planning events that cater to an international audience. During the session, Dr. Hettiarachchi shared information about the initiatives undertaken by Next Generation committees globally, highlighting best practices and successful approaches. The session provided valuable insights and guidance for the core-committee members to enhance the international appeal and effectiveness of their events. Overall, Dr. Hettiarachchi's session facilitated knowledge sharing and collaboration among Next Generation committees, fostering a stronger global network within the CILT community.

Onboarding New Committee

On January 21st, 2024, CILT Next Generation warmly welcomed its newest members to the core-committee. This diverse group included undergraduates and industry professionals. During the session, existing members shared their enriching experiences accumulated over the years with the Next Generation. They recounted valuable lessons learned, memorable events, and the rewarding aspects of being part of the committee. Additionally, the new members had the opportunity to express their expectations and motivations for joining the committee. They shared their aspirations to contribute to the organization's goals, learn from

experienced members, and actively participate in upcoming events. The session served as a platform for building unity, fostering collaboration, and aligning the collective vision of both existing and new members within the CILT Next Generation community.

Divergent Case Study Competition

Divergent, previously known as the Young Professional’s Challenge, is a case study competition organized by CILT Next Generation. Its grand finale took place on February 29th, 2024, at the Gap HQ premises. Over 30 teams initially registered to participate, showcasing their skills and knowledge in the competition. After rigorous rounds, the final event featured the top 5 teams vying for the coveted trophy. Ultimately, Team Mind Matrix from the University of Moratuwa emerged victorious, demonstrating their exceptional abilities and strategic thinking. KPMG Sri Lanka played a crucial role as the knowledge partner for the event, providing valuable insights and support throughout the competition. Divergent serves as a platform for young professionals and students to showcase their talents, engage in real-world challenges, and foster collaboration within the transport and logistics industry.

Surendran Muniandy CMILT Malaysia

I am currently attached to Malaysian Academy of Supply Chain & Logistics Management (MASLM), a leading Logistics & Transportation training institution as General Manager. I have served various management roles in both in GLC and MNC companies. During my career, I've been responsible for leading multidisciplinary teams, developing and executing project plans, and managing stakeholder relationships. I've expertise in working with both internal and external teams as well as vendors, clients, and customers. I'm passionate about managing projects and understand the importance of maintaining strong relationships with all stakeholders.

I'm delighted to be appointed as Regional Chairman (Southeast Asia) for Young Professional Committee which has been established to promote career, knowledge development, networking opportunities and create succession plan for young members that will become leaders in the industry. I aim to support the national aspiration to develop and upgrade the competency skills and capabilities of personnel working in the Logistics & Transport Sector in Malaysia inclusive of Rail, Maritime, Road Transport and Aviation

Next Gen Club

ESTABLISHMENT OF NEXT GEN CLUB

ONE consolidated logistics club

The purpose of this club is to create awareness for the students currently pursue their studies under CILT Accredited Academic Programs in becoming the CILTM's member and foster active participation of these young professionals in the institute

A courtesy visit to Public & Private University & Institutions to discuss future collaboration between CILTM and both institutions. Among the topics discussed were setting up Next Gen Club in the campus, securing internship and job placement and development opportunities mainly focusing on logistics & transportation programs, mentoring and trainings.

Work in Progress...

Top Five (KPIs)

CILTM NEXT GEN COMMITTEE

KPI's Descriptions	KPIs Target (Year 2023)
Key Result Areas	Setting Target
S1- To create an awareness of NextGen among the young professional (Establishment of Next Gen Club)	24 engagement sessions
S2-To increase the number of young professional to become CILT Member	6 engagement sessions
S3- Industries linkages in correlation with internship placement and career development	4 engagement sessions
S4- To bring Next Gen Malaysia into SEA Chapter with activities/ meetings/ collaboration	3 engagement sessions
S5- Mentoring & Coaching Programs	1 engagement session

Key Action Plan

CILTM NEXT GEN COMMITTEE

S3 - To support the Next Gen Club with Industries linkages in correlation with internship placement and career development	a) To actively engage in CILTM meetings with government agencies, education institutions and corporate companies b) To create and support the Industries visit c) Secure internship and job opportunities in logistics and transportation core industry	4 engagement sessions	2 engagement sessions	50	50
S4 -To bring Next Gen Club into SEA Chapter with activities/ meetings/ collaboration	a) Member experience and develop a network with other Next Generation Team in Southeast Asia and around the globe. b) Continue holding events that facilitate collaboration and networking with young professionals in the field of supply chain, logistics and transportation	3 engagement sessions	1 engagement session	66.67	33.33

FOCUS AREA	KEY ACTION PLAN	ACTUAL ACHIEVEMENT ON ACTION PLAN AND VS WORK DONE (%)			
MEASUREMENT INDICATORS		Setting Target	FYA WORK DONE (Annualized)	% PROGRESS COMPLETION (WIP)	YTD ACTUAL WORK DONE (%)
S5- Mentoring & Coaching	a) Mentor-Mentee • Engages professionals / subject matter expert in a program that promotes excellence, develops leadership, and strongly supports career development for the individuals involved while building capability in the T&L industry more broadly.	1 engagement session	In Progress	100	In Progress

International Project Logistics Competition

Raffles University Campus, Johore Bharu

The competition aimed to give students a better understanding of managing project logistics, particularly invisible load cargo. The competition was an excellent opportunity for both students and industry experts to learn more about CILT and the logistics industry.

The competition saw 10 finalists presenting their findings and proposals in front of three industrial judges, including Lembaga Pelabuhan Johor (LPJ), Baiduri Dimensi Sdn Bhd, and Jibri Logistics Sdn Bhd.

The success of this competition highlights the importance of engaging with academic institutions and industry experts to promote knowledge sharing and skill development in logistics and project management. Hopefully, this

competition will continue to be held in the future, providing an opportunity for more students and industry experts to learn and connect with one another.

Educational Visit

LANGKAWI INTERNATIONAL MARITIME AND AEROSPACE (LIMA) EXHIBITION

A total of 35 students, primarily under LOGTRANS Club who are CILTM Affiliate Members, along with a lecturer from the School of Technology Management and Logistics (STML), Universiti Utara Malaysia participated in an educational visit to The Langkawi International Maritime and Aerospace (LIMA) Exhibition. The visit aimed to provide students with an understanding of and exposure to the maritime industry and aerospace technology.

The LOGTRANS Clubs are initiated by CILTM Next Generation Committee in most CILTM accredited colleges with the objective of expanding the knowledge and appreciation of logistics and transport education and industry exposure especially among younger generation.

320 Graduates Earn Prestigious Recognition in CILTM Convocation

The 21st CILTM Convocation of The Chartered Institute of Logistics and Transport Malaysia (CILTM) was held on 18th November 2023, Shah Alam Convention Centre (SACC).

CILTM Convocation to celebrate the graduation of several alumni from Malaysian universities, colleges, and professional associations spread throughout the states. A total of 320 graduates received their membership (MILT) grade.

The ceremony was graced by Chief Teete Owusu-Nortey, President Elect of CILT International and CILT Malaysia Management Councils.

CILT Talk: Coffee Talk – Next Gen CILTM and University Collaboration 2.0

The sessions explored the evolution of partnerships as corporate members, innovative strategies under CILT Malaysia- Next Gen, Wilat M’sia, IBF and the impact on both academia and industry.

This insightful dialogue shaping the future of logistics and transportation into sustainable logistician connection.

Driving Innovation: CILT Next Gen Meetup With Talent Corp

The recent meetup between CILT Next Gen and Talent Corp marks a pivotal moment in fostering collaboration among the young generation of talent in Malaysia’s logistics and transport sector. With a shared vision of driving innovation and excellence, both organizations recognize the importance of empowering young professionals to shape the future of the industry.

By leveraging each other’s strengths and expertise, CILT Next Gen and Talent Corp aim to create a dynamic eco system that nurtures talent, promotes diversity, and drives sustainable growth in Malaysia’s logistics and transport landscape.

Exclusive Opportunity

Introducing NextGen CILT Malaysia to Emerging Professionals from Six Distinct Institutions

On 19th March 2024, NextGen CILT Malaysia has been invited to carry out the introduction session to 144 students from Batik Air, Monash University, Inti University, Politeknik Banting, Saito University College, UniKL MIAT Sepang & Subang campus.

The event is in conjunction with the ID4A series “Aviation Sustainability: Navigating Eco-Friendly Skies,” which took place at ID4A centre. The event was organized by

UIO IIIP & AsBAA-Discovery in collaboration with HADID, WCAA, UNIKL MIAT, TAKC IFLH, and Aerospace Research Cluster.

This event provided a platform for industry leaders, academics, and students to delve into the critical topic of sustainability in aviation.

DIYC International Youth Congress 2024

Next Gen Malaysia was invited to be part of the DIYC International Youth Congress 2024, on 3rd and 4th Feb. 2024.

This event kick-started on the first day with Panel Discussion on various topics such as Youth Empowerment in Malaysia MADANI,

Gender Diversity & Care Economy, diversity within systems of health, Digital Divide from a socioeconomic lens, Ethics on AI and collective Action towards global unity.

Industrial Visit

The students visited Northport Malaysia as exposure to maritime port operations. They also visited Infinity Logistics Line 9 yard inside the port to observe the operations of the container

yard. The participants also visited Infinity Logistics and Transport Freight Village 9 at Pulau Indah. Visit to the Infinity Logistics Freight Village gives exposure to the students on warehouse operations, especially bulk cargo operations.

Also, participants have the opportunity to learn about the concept of flexi tank in transporting liquid cargoes in 20 ft container. The visit to Maersk enhances participants’ knowledge of automated warehouse operations. This day trip visitation to logistics centers has helped the students gain better knowledge about logistics operations and prepared them for the expectations from the industry. Further, the visit enhances collaboration between CILT Malaysia corporate members in developing human capital for the industry.

NEXT GENERATION MALAYSIA

"Fostering Futures: Inaugural Meeting of CILT Malaysia and Yayasan Raja Muda Selangor"

The inaugural meeting between NextGen CILT Malaysia and Yayasan Raja Muda Selangor marked the beginning of an inspiring collaboration focused on empowering youth in Selangor. During this momentous occasion, representatives from both organizations came together to discuss key objectives and strategies for engaging and developing young talent in the logistics and transport sector.

The first discussion was characterized by a spirit of enthusiasm and mutual commitment to fostering educational opportunities and career pathways for the youth of Selangor. Participants exchanged ideas on various initiatives.

The first meeting set the stage for a collaborative partnership focused on driving positive impact and creating meaningful opportunities for youth development. It underscored the shared vision of both organizations to empower the next generation youth in Selangor's

NEXT GEN CILT MALAYSIA AND KELAB REMAJA UDARA MALAYSIA KICK OFF COLLABORATIVE JOURNEY WITH NATIONAL PAPERPLANE COMPETITION

In an exciting first step towards collaboration, Next Gen CILT Malaysia and Kelab Remaja Udara Malaysia (KRUM) have a discussion in proposing the joined forces to launch a thrilling National Paperplane Competition for youth aged 18-30 in Category Alpha. This marks the beginning of a promising partnership aimed at engaging and inspiring young aviation enthusiasts.

The inaugural meeting between Next Gen CILT Malaysia and Kelab Remaja Udara Malaysia laid the groundwork for this exciting initiative. During this initial discussion, both organizations shared their vision for promoting innovation and interest in aviation among the youth.

The National Paperplane Competition promises to be a unique opportunity for participants to showcase their creativity and engineering skills through paper plane design and flight challenges. It's not just about folding paper—it's about exploring the principles of flight and aerodynamics in a fun and interactive way.

As this collaboration unfolds, stay tuned for more updates on registration details, competition guidelines, and how you can be part of this exhilarating journey into the world of aviation. Let's soar to new heights together!

Corporate Social Responsibility (CSR) Humanitarian Logistics

Next Gen and WiLAT Malaysia have taken the initiative in organizing the IHYA Ramadan 1445H/2024M together with UniKL MIAT on 23rd March 2024.

The program was organized for those in need such as orphanages, B40, single parents, and ASNAF before celebrating Eid Mubarak, such as preloved, duit raya, raya cookies, and other necessities that would minimize their cost in preparing for the Eid Mubarak celebration.

CILTM also plays the role in cooking the Bubur Lambuk Ramadan Kasih distributed to the orphanage. With this small contribution to the needed will share the joy and happiness during this holy month. Ramadan Kareem.

AMERICAS

Adam Doy CMILT United States America

Regional Chairperson | Americas

I am an Associate Director with Network Rail Consulting based in New York. I have over 20 years' experience in the UK and US rail industry spanning key elements of the rail business including operational performance, infrastructure maintenance, supply chain development, contractual agreements, complex logistical management, business planning and LEAN/continuous improvement practices.

My career to date has seen me run the Southern UK rail network material and logistics division supporting major capital programs including the London 2012 Olympics, Channel Tunnel Rail Link and the Thameslink Program, a \$8.5bn project designed to transform north to south rail travel through London.

Since moving to the US in 2018, I have supported key clients achieve their goals including the New York MTA, Port Authority of New York and New Jersey as well as Amtrak.
